In our first competition we asked people to create something amazing which could fit to 4096 bytes. When squeezing the code, new optimizations had to be learned.

The winner of the competition was Vinyl by By Simo 'jac' Santavirta and Pekka 'Major' Meskanen. Congratlutions for them!

The prizes were as stated below and sponsored by:

- Two Powerflasher FDT Licenses (worth 200 euros each) from Powerflasher
- Logitech MX 610 Wireless Laser Mouse from Fallencoders
- Pixel image editor license from Pixel32

Flash player 8 is required to see these intros as they are supposed to be seen.
